This perfect combination ensures that our guests leave feeling spiritually, physically uplifted and fully recharged from their stay.

Brand Story:

The brand name 'Talita' has a strong association with the spirit of 'revival'. It carries within a positive vibe and energy to appreciate one's life.

'Talitha Kum!' meaning 'Little girl, I say you to arise!' reference to a biblical story when Jesus asked a young girl to get up and raise from her death bed. It is a simple yet powerful reminder of how valuable it is to be given a renewed life! A second chance, a new beginning, a fresh start!

Our hotels are made with that vision at heart, based on a philosophy to provide a revitalizing space, a place to rejuvenate, regroup, gather and celebrate life!

To help every guest of our hotels catch a glimpse of this valuable stage of their lives — so they would raise, seek life and live it to the fullest!
